Please, list your requests for above-standard equipment of the booth in your Exhibitor's Application. Extension of booth area can be arranged after individual consultation; it depends on the total number of exhibitors.

Catalogue of technical exhibition

Catalogue of technical exhibition will be included among materials provided to the symposium participants and exhibition visitors; it will contain a presentation of all exhibitors. Therefore, it is necessary - in case you decide to take part in the technical exhibition - for you to send us a **profile of your company** in the following extent:

- short profile of company in English in the extent of 5-7 lines for the Conference Proceedings
- profile of company for the catalogue in the extent of max. 2 pages. It should contain the following: company logo, company name, address including phone and fax numbers, e-mail and www address, and contact person. This profile can also present main products and important projects in which the company is involved. Please, supply this text in English in digital form (preferably in PDF format)

The size of paper of the catalogue will be 14.8 x 21 cm (A5 format).

In case you would like to organize a company workshop, we will provide a separate room for this purpose. Please, send your requests to the contact address below.

We will inform you about the possibility to include your presentation or demo-version of your products in the conference CD.

In case you are interested in taking part in the technical exhibition, please, fill in the enclosed preliminary application and send it to the address below on **31 May 2003** at the latest, or contact us via e-mail or fax. Please, mention your contact person with whom we can consult all matters concerning the exhibition.
